

January 28, 1975

CLERK: Mr. President, there is a motion pending from Senator Bereuter to re-refer LB 357 from the Ag Committee to Urban Affairs. The motion is found on Page 287. It was left pending at the conclusion of yesterday's activity.

PRESIDENT: The chair recognizes Senator Bereuter.

SENATOR BEREUTER: Mr. President, I do not wish to resume discussion on the motion that was pending yesterday at this time.

PRESIDENT: Is it your pleasure, then, that the motion be withdrawn at this time?

SENATOR BEREUTER: Yes, it is.

PRESIDENT: Thank you. The chair recognizes Senator Carsten.

SENATOR CARSTEN: Mr. President and members of the Legislature, I was just wondering this morning if the matter that was referred to the Appropriations Committee last week on capital construction, if they are ready to report or how close they are. I would like to know what the progress is. Ask Senator Marvel, Mr. President, the question.

PRESIDENT: All right. We will hold your request on that unfinished business until Senator Marvel can gather the information. The President has no messages on his desk. Are there other items of unfinished business?

CLERK: Mr. President, I have a Legislative Resolution #8 introduced by Senator Bereuter of the 24th District. Read. See Page 295, Journal. It will be referred to the Reference Committee.

PRESIDENT: This, then, will be referred to the Reference Committee. Other unfinished business. Senator Carsten, so that Senator Marvel can have sufficient time to get whatever information you requested and in the interest of saving time, I'll ask your permission to move on to General File.

SENATOR CARSTEN: It's immaterial to me, Mr. President, except that Senator Marvel said that as soon as he comes back he'd be ready for a report, sir.

PRESIDENT: But we could go ahead with General File.

SENATOR CARSTEN: OK. Fine.

CLERK: Mr. President, we do have a notice of committee hearing. Constitutional Revision and Recreation has set bills for hearing. Signed by Senator Syas. The bills are set for 1:30 p.m.

PRESIDENT: Senator Marvel, we are about to go on to General File. Do you need more time or do you want to respond to Senator Carsten?

SENATOR MARVEL: No, I am all set. I'm not ready to report but I will tell him when I will be. Mr. President, members of the Legislature, we have a session at 2:00 p.m. this afternoon at which time we will take up the items of capital construction which are pertinent to the Governor's letter and included in this capital construction review is not only the current appropriations which were made last session effective July 1st but also a suggested response to the Governor's letter of January 20th. This information should be available either Wednesday or Thursday, hopefully tomorrow, Senator Carsten.
